

A romantic wedding scene featuring a bride and groom in a garden. The groom, in a dark blue suit, is dipping the bride, who is wearing a long, white lace wedding dress. They are kissing, and the bride's hand is on the groom's face. Pink and white rose petals are falling all around them, some landing on the bride's dress and the green grass. In the background, there is a large building with a high, vaulted wooden roof and large glass windows. Rows of wooden chairs are set up on the lawn. The overall atmosphere is warm and celebratory.

you can find me driving around aimlessly with  
my husband,  
hanging out with our 6 beautiful AMAZING

it's pretty equal.

I firmly believe naps should be

# COUPLE SESSIONS ARE FOR EVERYONE.

## COURTNEY LASALLE

PHOTOGRAPHY

### JUST BECAUSE DATE NIGHT SESSIONS

There are plenty of reasons to book a Just Because Couples session. Maybe you want to try something other than dinner & movie. It can be hard to think of unique date ideas when we fall into a routine. But what's better than getting dressed up and spending quality time together?! We can even hang out and do things the two of you enjoy!

I can be your FAVORITE third wheel and accompany you to places you enjoy or hobbies you have! Like bowling? Let's go, y'all can have all the fun, and I will sit back and capture it for you! Want to relax in the park and have a nice intimate picnic? Let's do it!

These just because sessions are also enjoyable if you want to go out and explore. We can head to Houston, Louisiana, or anywhere you have your little heart set on! I know here in Beaumont, Texas, downtown is adorable, but we have options. You don't have to stay in town.

### ENGAGEMENT PHOTOS FOR COUPLES IN LOVE

Engagement photos are a great example of a couples session and are a perfect way to connect during the stress of wedding planning. We'll choose a spot that is meaningful to you or simply a place you feel comfortable.

Don't worry about "knowing what to do" or "not knowing how to pose"! These sessions aim to show your connection and happiness! I will lead you through with light prompting and lots of interaction!

You will be so focused on each other that you won't have time to think about my camera in front of you! No forced or awkward poses here! From there, your personalities and your comfort level lead the way!

Most couples tell me that even if they were initially nervous before the session, it quickly melted away as they were able to spend some time with the person they love.

#### COUPLES SESSIONS ARE GREAT FOR MARRIED COUPLES, TOO

We take hundreds of photos of our kids over the years, but you know what they will treasure someday? Photos of Mom and Dad!

Sometimes as married couples (I'm talking about me too), we forget to nurture our marriage. We let our lives get in the way. Work, kids, and extracurricular activities, we forget to take time to connect. A session with your spouse is a great way to reconnect. We'll head out for an adventure, chat about what's happening in each other's lives and let your personalities shine through!

Let's just put it this way; if you haven't had a great photo of the two of you in the last year, you need a couples session!

#### SHOW YOUR LOVE WITH A COUPLE'S SESSION

Why not book a couples session today? It's the perfect way to show your love for each other! And don't forget to make a date night out of it! All you need to do is contact me, and we'll work together to create the ideal location, look and feel you want.

## A MOMENT IN TIME

Kate Chengappa, owner of BluBrd Weddings and Events is a Utah based wedding planner, offering full planning and coordination services to couples all over the country. Since 2020, Kate has seen a change and shift in what couples desire out of their wedding experience. She observed that many couples were seeking an alternative to the traditional, expensive and wasteful weddings of the past. This was the inspiration for A Moment In Time!

A Moment In Time is a full service wedding boutique, offering newly engaged and vow renewal couples an affordable and environmentally sustainable alternative to a traditional wedding. These unique events provide couples with everything they need for a traditional wedding, without the stress, cost or complexity of planning...think Vegas elopement, but more elegant!

Couples and up to 40 guests reserve 1.5 hour time slots on a boutique day, where they will experience an intimate, beautifully decorated ceremony conducted by a legal officiant, followed by a fun cocktail hour with delicious light bites and carefully curated His and Her cocktails of their choosing! The couple is then whisked away for their private photography session with one of our professional wedding photographers to capture the happiest day of their lives, while guests continue to celebrate and enjoy our in-house refreshments.

Each event is created with seasonal trends in mind to ensure couples and their guests experience the perfect stress-free day! A Moment In Time provides a wedding day that better aligns with couples goals, such as saving money for an unforgettable honeymoon, or the down payment on a home.

# CAITLIN AUDREY PHOTO

Photography is so much more than lighting and composition. Powerful images come from the ability to feel the emotion within them that was created in that moment, which is something I've learned

to master with all of my couples. It's entirely about the experience and creating the space for you both to be fully who you are & to pick up on the energies that are there and to work from that. From there I'm able to create images that will forever evoke emotion, that portray the intimacy between you and your partner, and will always have the warm, honest vibes that you both already share. We work together as a cohesive team to create images

that look like art and feel like you.

I am an empath and a photographer, a mother and a friend. I bring all of those to the table when you are working with me. As an empath it allows me to feel your connection and in turn create images that truly feel like you. As a mother and a friend I will always bring to the table the nurturing hype girl. The one that will help you pin that hard-to-reach curl and hold your grandmother's hand with as much love as you would, while also reminding you of the actual badass you are.

As a Leo sun, Pisces moon, Capricorn Rising and an enneagram 2 I am always down for a road trip, sunny days and to put my bare feet on the earth - and equally a good night out with friends, dancing the night away at concerts & sharing delicious meals at a community table. I'm deeply passionate, music feeds my soul (Allen Stone fangirl forever), I love with my whole heart and believe in the power to create positive change wherever you are. I was raised in the PNW and was able to craft through my diverse experiences in life, a highly intuitive spirit and a hard working mentality that will always put the best possible outcome forward. When we work together, know that the utmost care & concern for your best day is always at the top of my priority list - as well as creating a safe space for you two to enjoy your day to the absolute fullest!

# WISH BLOSSOM FLOWERS

My name is Susie Young and I created Wish Blossom Flowers to bring beauty and joy to others. I have over 23 years of experience and passion for flowers .

From the time I was a little girl, I was obsessed with flowers. My mother would take me out and teach me all their names, and I soaked it up like a sponge. We would walk all over the hills of our beautiful ranch in Wyoming. I would forage wildflowers and make magical gifts for others. Then, when I was a young designer with fistfuls of dreams I saved all my money to buy flowers to dry and create.

Now as a professional floral artist, I feel as if I share a part of myself with those that I design for, capturing their ideas to create something uniquely their own. I love when a bride's eyes glow with happiness and tears, because of the beauty of their bouquet and decor. Wishes are granted, dreams are created and memories are made. I want to be able to work with those that dream and have a vision for their special day. I love to create lush, romantic designs with movement and texture.

# THE BARN IN OLD PARADISE

The Barn in Old Paradise. Dreamy. Rustic. Romantic. Timeless. Not everyone gets to live out their dream, but owning and operating The Barn is a living dream come true for Kelli Snider

and her husband and business partner, Casey. Everyone thought Kelli and Casey were crazy when they announced their plans to completely overhaul an old rundown barnyard and build a stunning new wedding venue. But with the most beautiful views in the Intermountain West, and a place of historic significance, they knew they had something special. Built from 100 year old barn plans and a whole lot of blood, sweat, and tears, The Barn is a symbol of dedication, commitment, and dreams realized. It is as unique as it is beautiful and provides a rustic, timeless backdrop for any wedding. From simple, intimate, hilltop elopements on the upper fields of the farm, to traditional ceremonies under the huge open ceiling of the natural wood barn, you'll find a perfectly dreamy setting to seal the deal and celebrate! Kelli's favorite part of operating The Barn is interacting with Brides whose eyes light up when they first step into The Barn, and then watching their dream wedding come to life. She considers each of her brides and grooms a friend and is grateful for the small role she gets to play in one of the most important days of their lives.

# WINDING ROADS PHOTOGRAPHY

Hey ya'll! My name is Abby & I am a traveling Wedding Photographer based out of Southern New Mexico. I am a momma to a sweet babe named Kolbi Jane, and I am engaged to my dream man. Where I grew up is a small town called Truth or Consequences, 121 miles away from the Mexico border. There you will find a mix of farmers, hippies, ranchers, and green chile lovers. Coming from an extensive line of generational ranchers, our diverse community, ecosystems, & cultures here in the Southwest Desert has made me fall in love with capturing the precious moments that you want to last forever. I love to shoot EVERYTHING, but I specialize in Western lifestyle, Weddings, Elopements, Couple/ Engagement sessions, & styled branding shoots. It did take me awhile to find the style that fit me and what I loved to see in my photos, which I feel like every photographer goes through, but if warm, moody, southwestern mountains and deserts are your vibe than I am your girl.
